Start-up Slams

The **NutrEvent Start-up Slams** offer the opportunity to detect the most innovative and promising start-ups, in order to foster **partnerships and business development** in the Food and Nutrition sectors.

The selected candidates will pitch to a jury of experts in front of NutrEvent's audience, benefiting from personalised advice and feedback ("**speed-mentoring**") from a panel of experts.

Before the event, each candidate will have enhanced visibility on NutrEvent communication tools and the opportunity to be coached to improve their pitch during a **warm-up session** with NutrEvent Steering Committee members.

The winner(s) will be awarded as the **most innovative start-up(s)** in Europe.

The Start-up Slams are a great opportunity for young companies seeking to raise a financing round to showcase their project in front of potential partners and investors.
